“ Dear dad, I sit here and see that it has been over three years since you have passed. I promised that I would never go a day without thinking about you, and that will remain my promise. You are close to my heart always. The ring you bought me when i was little in on my desk at school. I keep it for everyone to see it. I'm saddened by you not being able to see me graduate, and not being able to see me go to college. I think I would have made you proud. I went to college. I'm in college. And it isn't even a college where I can live at home, and you know for me that is a huge step. I'm happy here, and i feel that this is where I need to be. I just wish sometimes you could be here so I know that I have your approval. I love you and miss you. Can't wait to see you again one day!###imported-begin###Amber Cronan###imported-end###

“ The butt joint is the simplest joint to make since it merely involves cutting the members to the appropriate length and butting them together.

It is also the weakest because unless some form of reinforcement is used (see below) it relies upon glue alone to hold it together.

Because the orientation of the members usually present only end grain to long grain gluing surface, the resulting joint is inherently weak.

The butt joint is a very simple joint to construct. Members are simply docked at the required angle (usually 90°) and required length. One member will be shorter than the finished size by the thickness of the adjacent member.

For enclosed constructions, such as four-sided frames or boxes, the thickness of the two adjacent members must be taken into consideration.

For example: when constructing a four sided box made from 19mm thick material that is to be of finished size 600mm x 600mm, two of the members will be 14oTuFskPCc4 docked at 600mm and two will be docked at 600mm - 19mm - 19mm = 562mm.##imported-begin##UnlalNurl##imported-end##

“ I have been thinking bout when we first met.How you was picking on my cousin shirley and she came and got me out of class one afternoon so I could get you from picking on her.Anyway the story is this you ask shirley to go out with you and you fixed me up with your best friend.You called me one evening and told me that it was me you wanted to go with and so we started dating.We have been together since 1980 got engaged in 1981 got married in june 1983 had our first child in nov 1984 and then our second child in nov 1991.We lived in Okla some and rest of the time we lived here in Tenn.26 years of marriage will be in june.I know that you are at peace and that you have made it home and you have a new body and you have no more pain and that is so much comfort to me.Our kids know that you are at home with God and they tell me that and that they have peace because they know that God's will was done in your life.I love you and I will take care of our kids and you go enjoy sitting at the feet of Jesus we will see you one day when our home in heaven is ready.##imported-begin##Gale Cronan(wife)##imported-end##

“ I worked with Clifford, as I knew him, at Rhea Medical Center ER. I don't believe I have ever worked with another person that did some much to make others enjoy their day. What a sad loss to those who knew him, loved him and those that missed the opportunity to get to know him. I was very fortunate to be one that knew him.##imported-begin##Alison Shelton##imported-end##

“ Clifford (he introduced himself to me as Clifford and that's how I think of him) was a wonderful, compassionate man. His care and concern when he worked in Republican Headquarters did not go unnoticed. He could always be counted on for Wednesdays and he meant a lot to me and the others in our group. I'll miss him as will we all.##imported-begin##Brenda Marler##imported-end##

“ I moved here from TN in 1993 from Macon GA. Clifford (Gill) was one of the first people I met. I was an EMT at the time and worked with him in the emergency room and on the ambulance. I moved here from a big city so Dayton was a very huge culture shock for me. Clifford was a prime example of what good people in a small town represents. He would give you the shirt off his back and do anything he could to help another person out. I know he has been plagued with several problems through out the years and it has not been easy for him. When I first met Amber and Tommy...Amber was in a walker..and Tommy was a little squirt..and Gail was so kind to cook supper and make me feel at home. we have remained close throughout the years and he was also my neighbor so I feel very close to the family. I am going to truly miss Gill. He was a good guy and he meant so well...He had a heart of gold and was everyones friend. I know that he was my friend. God Bless you Gill...watch over us.. and God..watch over Gills family. Give them peace to know he has made it home. You will be missed my friend! I love you so much.I will try to be strong for Amber and Tommy.I better than anyone knew the demons that tormented you, not only as an adult but as a little child. You always thought you had to seek peoples approval but never knew you had their love and approval.You were so good to strangers as well as family and you will be missed by all.You can rest now son. I will see you soon. Love Roger and Mom.##imported-begin##Annette (Mommy)##imported-end##

“ As his daughter it's very hard to deal with this. He was a great man who would do anything for anyone.. Friend, family,or even a stranger.. He had a big heart and didnt care to help people. He was also the kind of man who liked to goof off and have a good time. He loved his family and friends very much. When you was around him you were having a good time. It's so hard to believe he is gone.. It feels like a big sad dream, but i know its not.. Its life, and its sad. I'm sad that he is taken away from me, but also as a family we have to stand strong.. Its ok for us to be sad and for us to hurt, but we have to stand strong together and get throught this. We will never forget him, and he will alwasy be in our hearts, as well as in the hearts of the people he has helped.. I just want to say I love you very much dad and you mean the world to me.##imported-begin##Amber Cronan##imported-end##
