“ Have fond memories working with Corky at Rhea County Hospital, actually back in the "old days."

“ Growing up Corkey and her mom lived next door to us on 2nd Ave. When my brothers or I would mow our lawn, using the good old non motorized push mower, we would always cut her yard too. Maybe you remember the little green house that sat right next to the corner white house... she would always try and pay us but somehow our Dad would know she did and when he asked us about it he would send us back to her door and return it. She was part of a lesson we learned at an early age, a helping hand is more valuable when done with no expectation in return. Corkey was always good to us kids. She leaves me with fond memories and a better person for having known her. Christine Glass Ralph
