“ *Dear Frizzell Family , I knew your Mom through Dr. Salt's medical office. She was an EXCELLENT phlebotomist, a deeply caring person with a great sense of humor and a good Christian woman. I didn't see her often after she had to stop working but I thought of her many,many times .. and will always remember her sweet personality and the grreat depth of her heart . She loved her children more than anything in the world and heaven is the richer for having her there now. God bless all of you in your sorrow and know that you'll all be together again some day.##imported-begin##Anne
