“Mike was most passionate and always talked about his children and grand children. He always asked how my kids were doing too. He could be a little grumpy sometimes but that was all part of his charm. Just when you think you've heard all of his life's stories, he would come up with a new one and I think I heard them all a few times.

He was like a brother to me, a good man, coworker and friend and he will certainly be missed. Prayers for him and his family.

“Mike was such a caring friend. He always asked me how my children were doing and often sent candy home with me for them! He was always kind to my family and he will be missed.
