“ Dear LeeAnn,
I was never so shocked when I picked up the Crockett Times and read Freddie's obituary. Being from the Class of "75" and also a very good friend of yours, my heart is saddened to learn of you loss. I am sending my love and comfort as you have to face another hard chapter of life. I would love to talk to you sometime, so please call when you get a chance! My favorite memory of Freddie is his infectious "laugh", when he would laugh, he would light up the whole room! Please know my thoughts and prayers are with you and your family.

“ Dear Worley Family,
I am so sorry for the passing of your precious husband, father & grandfather. It is with regret that I cannot be there to support you in person but please know that I am there in heart and mind. I want you to know you are in my constant prayers and I know without a doubt that Our Father In Heaven can and will give you peace that surpasses all understanding in times like this. When you feel lonely for your loved one picture him walking with Jesus along the streets of gold and remember the few short years here without him do not compare to eternity with him in the presence of Our Lord. If I can do anything for either of you please let me know.
