“ *As children, we can't comprehend or fully realize
the meaning of our mother's love, how tender and how wise,
The patience and forgiveness that are part of every day,
The unexpected "little things" she does in her own way.
Years go by before we can look back on life and see
Through older eyes and wiser hearts her love and loyalty,
And yet it's these and other special things we'll hold so dear,
For memories of her steadfast love will keep her ever
near.##imported-begin##A Mother's Love is Forever##imported-

John Chapter 14:1-3

1 Let not your heart be troubled: ye believe in God, believe also in me.

2 In my Father's house are many mansions: if [it were] not [so], I would have told you. I go to prepare a place for you.

3 And if I go and prepare a place for you, I will come again, and receive you unto myself; that where I am, [there] ye may be also.##imported-begin##Robert W. Armstrong Sr. and Family##imported-end##

“ *Phyllis,*

I lost my mom in 2002. It is something that you will think about often and remember the great times, the learning and the love. The writings she left you will pass on and be treasured forever. We are all thinking about you and your Dad and your family. Please give them our condolences.

“ *She was the best. I loved her with all of my heart. No one could EVER replace this hole I have but I know the good lord will take care of her right above us. I know she is looking down on each and everyone of us right now. I miss her but I know that she is saving a spot for me right next to her and I just can't wait to see her loving smile and open arms again.##imported-begin##Caroline##imported-end##*

“ *What a wonderful privilege to have been loved by Aunt Sis. There will be no words to say to you all that will take away your hurt...only God can heal this vacancy in your heart and soul. Rest assured that Aunt Sis was embraced not only by our Lord and savior but by Papaw & Mamaw, Doyle, Daddy, RC & Hop. My, what a family reunion! I love you all and pray that the Lord be your strength. Anita##imported-begin##Anita##imported-end##*
