“ Mrs. Brewer was the best teacher. She was always so nice to me. I was lucky and had her as my teacher in third and fourth grade. I loved the experiments she did with us, especially the butterfly ones. I miss her so much and I will never forget her. She was very understanding and very special to me.

Linda had a heart for her students. I proctored for her a couple years during the T-cap testing and we were both in agreement about the testing. She always did her best to be the best she could be. She will be sorely missed a Rhea Central .She touched so many lives during hers. I will be praying for her family as they struggle with her loss.
