“ Okay deep breaths (My linda) I can't believe you're GONE - We have been friends for 34 years and I stood beside you all the way through. I remember everything about you as our friendship started developing . You've always been a great friend of mine. I will cherish every moment that I got to spend with you until it was your turn to go home to be with the Lord. I know you're not suffering anymore you're breathing much better. I just wish some things could have been prevented and I would still have you being a part of our lives. But God had purpose reasons for him to take you home. Now you're at peace you got my permission to go home
