“ Dear Dennis, Ray, and Donnie, I don't think I have to tell you how much your mom meant to our family, my mom especially. They have been close best friends for many, many years. I cannot remember not knowing your mom. She was always popping in here at our house excited to tell us about a flower she had coming up or one of her beautiful water lilies blooming. We have shared many flower cuttings over the years and she loved them so. We have picked blackberries together and she loved to pick greens in the fall every year. In the past she would can the greens but this year she just wanted enough to eat at the time and I believe you all helped her prepare them. Many times Mom and Nora Lee would talk on the phone. All of this has such good memories for us. We loved your mom and she will certainly be missed by our family. Charlotte Edmondson
