“ Hello, Just wanted to pay my respect to a really nice co-worker. Rachel worked with me at the HRSSC, she was always so bubbly and smiling. I pray the family and friends Rachel left behind will hold on to the wonderful memories of Rachel and that the peace that only God can give will bring considerable comfort until you see her again.

God Bless.

“ I worked with Rachel at the HRSSC. She was a great friend and we always had lots of laughs. When she said she was quitting the Postal Service and moving to Tennessee with her boyfriend I was shocked. I knew she loved her job but she obviously loved him more. I know she will be missed by everyone that knew and loved her.

“ I am so sorry to hear about Rachel. I worked with her at the Postal Service in Greensboro. I'm the lady (Myra Sawyers Tudor) that gave her Riley, it was love at first sight for both of them. I always said I was going to stop in when I was in the mountains and just never got there. I so wish I would have made the trip to see my dear friend. We laughed that I would visit her in the mountains and she would visit me at the beach when I move there. She was a very precious lady and a very good friend. I hate that we lost touch but I'm sure we would have been able to pick right back up where we left off if I had just made the trip to see her. I just can't imagine she is gone at such a young age. I will miss her but will never forget her. She was always making people feel good with her laughter and playful personality. I have some pictures of her on my computer that I took when she came to my house that I would be happy to share with anyone. I'm on FB and can share them there or can send them via email. My email is tudor1952@earthlink.net if someone wants to send me their email address. Prayers for all of her family.

“ Auntie,
I know you'll never see this but I know you will be able to feel the love coming to you. I really can't believe you're gone. It doesn't feel real. It sucks bc you will never be at my graduation(s), see me walk down the aisle, etc etc. What really sucks is that last time we saw each other I made you mad. I'm so so so so sorry Auntie. Just glad last time we spoke everything was Okie Dokie pokie. I can still hear you laughing at me when I ran into the screen door. I remember when you dyed my hair blue. That was our girls night. I remember u farting in the car and locking the windows on me... thanks, man...lol. I remember soooooooo much more but my hands are starting to hurt to be real with ya. But seriously, I love you too the moon and back. I miss you soooo much I am seriously crying way too much. I love you! <3

Hi, I don't know you, in fact I don't know anyone related to your Great Aunt. I spend my personal time posting comforting words on the funeral websites. Memories is what we have left from someone that passes away, that is why we need to cherish every moment as a “special moment”. God keeps everyone that passes away in his memory. In the Bible there is a verse says, “I have hope toward God, which hope these men also look forward to, that there is going to be a resurrection of both the righteous and the unrighteous”. Base on this verse, she will have an opportunity to live making cherishable moments again. My condolences to you.

Rachel, how can I even explain how sad this makes me. I spent so much time together and we got into a whole lot of trouble to but we were friends. Good friends. Spending the night at each others houses and giggling and just being kids. Life was not always easy and we went in different directions with me being married and having 2 kid's and going to college. But when I think of growing up you were a huge part of it, I wish you angel wings to dance and I feel so bad for your family left behind. Your ok now and I hope they stick together and take care of your Mom. Rachel, your beautiful and I hope you loved your life and became as happy as I am. You deserved it. May all your family know the Wagg family are thinking of you all.
