“ I just found out today about Robbie passing away. I am so about the loss of a women who was so very loved. If I had known I would have liked to attend the services to show my respect. People come into our life for all kinds of reasons, and even if only for a brief time, they still help to shape us into who we are. I cherish the time that I was able to get to know Robbie and wished that it had been more. I will keep all of you in my thoughts and prayers through this difficult time.

“ I was sorry to hear of Mrs. Richey's passing. Our family grew up close to hers and the boys and I played a lot of basketball together. Mrs. Richey always treated us with respect and love. Her Christian love was evident even then. She'll be missed.

“ I'm sorry to hear of Miss Robbie's passing. At least some part of my family spent about 30 years living across the street. I remember being scared of Shep when we first moved there. God bless her family during this time of Loss.
