“ Many years back my mother was real sick. Doctor Sid performed her surgery he was doing laparoscopic. At the time not many doctors were doing that around here. My mother was having gallstones removed. he got down to the last one and wasn't going to be able to get it without opening her up. He stopped in the surgery and prayed thank GOD for Doctor Sid. My mother Joan Green is still alive today and she is 91. Thank you from her son Jesse Green.

“ Dr. Sid taught me so much about life and so many words of advice that I still use to this day. One in particular was "Take care of the easy things first" I have seen him with a room of patients and take the time to consul spiritual needs and pray for his patients. He listened. He loved being a doctor and healing a patients pain. I could say so many other things about him that I considered great ...surgeon, Christian with a humane heart, teacher. He loved his family to the max and adored Sandy.

“ *My pregnancy with my son, Glen, was a difficult one. Dr. Sid knew this, and - although not my doctor - met with me regularly to pray over me and share encouragement from God's Word.*

The morning he learned I was going to have an unplanned c-section, he postponed his morning rounds and walked briskly into the operating room. He came over to me and held my hand as I was being put to sleep.

Nurse Bonnie Morrow told me he stayed by my side until Glen was born, then ran excitedly into the waiting room to tell my mother and husband I had given birth to a boy.

That was Dr. Sid . . . purposely engaged in the lives of others.

“I am so thankful that I was able to know Dr. Sid. A truly wonderful man who loved without exception. While words can never fully comfort those who have lost a loving husband and father, I hope that this prayer may provide some comfort -

Into your hands, O merciful Savior, we commend your servant Dr. Sid. Acknowledge, we humbly beseech you, a sheep of your own fold, a lamb of your own flock, a sinner of your own redeeming. Receive him into the arms of your mercy into the blessed rest of everlasting peace, and into the glorious company of the saints in light. May his soul and the souls of all the faithful departed, through the mercy of God, rest in peace and rise in glory. Amen.

“ So thankful for Dr. Sid's friendship during our time in Dayton. Sid was such an encourager, such a Barnabas. He was also a great surgeon. He was there for us through several surgeries that Linda had including breast cancer. And such a sweet spirit of love for people, ready to show Jesus' love to whoever he met. I know you Sandy, Allan, Alex and grandkids, are going to have a hole in your lives left by him. May Jesus fill that hole with His loving presence. We love you and are praying for you. Dr Sid was such a genuinely wonderful and caring Christian Man. He lived what he preached. I grew up in church with him my whole life and he was also my physician. He would pray over his patients before every procedure. He had a joy that just radiated. He will be so very missed. "To be absent from the body is to be present with Christ". Sandy, Allan , Alex and all of the family, you are continually being lifted up in prayer. Love to you all.
